SAP Business ByDesign, MS Office and iPad... merged by PCS AG unique iPad Connect!

## All PC applications on your iPad

With iPad Connect you are able to use the complete scope of operations of Windows and MS Office applications, which you are familiar with – as a cost-efficient service subscription. So you will be independent from any workplace and you will get far more mobile and agile in your business life.

## The “barrier-free” Cloud

iPad Connect offers an operative system independent Cloud-range and permits the transfer of Windows to the iPad environment. The integration and embedding of one’s own software is feasible as well.

## Your workplace with all scope of operations on your iPad

In the end it is your data in your usual working environment, the applications, that you are familiar with on your iPad – and all together in perfect interaction.

**iPad Connect** – merges iPad, SAP Business ByDesign and MS Office

Contract duration – 36 months.  
One-time setup costs of 690 US\$.  
SAP ByD-license costs and hardware  
are not included. Price per user.

only **110,00** \$ / month
